Arqaam would like to build a public portfolio and share information of associated website on their website. These details would be:

- Full name
- Photo (please attach with this form if you agree)
- Link to LinkedIn
- Languages spoken
- Developing skills
- Other skills
- Short intro text (please write it, if you agree. 2-3 sentences of what motivates and what interests you.):

I am fine with the above details being shared on the website

I would like to be part of the database but not publicly visible

I am fine with some information being shared on the website, but **not:**
